SOPHOMORES SHARE HONORS WITH FRESHMEN IN ANNUAL FIGHT

Cane Rush Not Spectacular

The annual clash between the two lower classes at Kenyon was held on Friday night, September 19. Although no accurate count was kept by the members of the Senior Council, who acted as judges, still a victory was conceded to the incoming class of '28 by a slight margin.

Setting out from Bexley the Frosh, led by two upper classmen, followed the customary circuitous route and came upon the hiding Sophs after a jaunt of about two and one-half hours. Climbing the fence and twisting thru the wire which the older men had thrown up as a barricade, the new men jumped their superiors and the two hated rivals did battle for over thirty minutes.

The fight was divided into several small groups throughout the woods. Although outnumbering the sophomores almost two to one the Frosh were at a great disadvantage by not knowing their fellow classmates, and groups of freshmen were continually tying up their own men and aiding the Sophs.

This scrap merely served as an opener for the hostile activities. The next day at high noon the renowned cane rush was staged in the open space between Ascension and the Library. The fight was not spectacular to watch. Sophs reached the cane well ahead of the new men and succeeded in so successfully covering the cane that the Freshmen were never able to overcome their handicap. There were but few of the individual battles that usually make the fight so interesting and which so characterized the scrap the night before. The affair lasted four minutes, at the end of which time the Sophomores had nineteen hands on the Cane to fourteen Freshmen. This is the first time in many years that the second year men have been victorious.

The Junior class began its 1924-25 operations by electing David Wright, Don Gassman, and Gale Evans to pilot it through the coming year. Offices held by the men are as follows:

President David Wright
Vice-President Don J. Gassman
Sec. Treasurer R. Gale Evans

The class is sure to enjoy a prosperous two terms under their guidance.

HOME-COMING DRAWS LARGE CROWD

Saturday, October 4th was set aside as Home-Coming day for Kenyon. Although very little publicity was given to this the return of Alumni was great. Home-Coming day is usually a myth but this year the return exceeded all expectations. One of the largest crowds ever assembled on Benson Field witnessed Kenyon meet the Case grid-ders.

Although the defeat was disheartening, no one seemed to have their ardor dampened by it. They still have their expectations for a winning team this year.

Among those that were able to get back were:

Lon Snyder, '20, Don Mell, '21, Eddie Brown, '22, Harve Hohlfelder, '23, Warren J. Rusk, '24, S. O. Hirstius ex-'25, Bob Harris, '96, Jay Higbee, '01, Jack Jerpe, '20, "Bulgy" Harrison, '19, "Battler" Seitz, '21, "Windy" Seitz, '24, Jim Wade, '22, Jim McIlwain, '23, Bob Schoenals, '24, Bill Keiper, ex-'25, Scott Graves, '24, Barton Graves, '21, Bill Thompson, '14, Cooper Russell, '09, Russell Mavis, ex-'24, Hale Sturges, '24, Sam Rockwell, '07, Griswold Werner, '19, Herb Stock, ex-'24, "Doc" Beiter, '04, Levoy Lind, ex-'24, "Bill" Grant, '86, Ralph Ringwalt, '94, Willard Armstrong, '96, Andy Anderson, '14, Carl Weiant, '05, John Cuff, '03, John Coolidge, '02, Don Wattley, '17, Walter Curtis, '01, Bill Pennell, ex-'23, Herm Sidener, '20, Dana Niswender, '24, Howard Fishack, ex-'24, Russell Fishack, '23, R. E. Messinger, '24, and Frank Votaw, '24.

PUFF & POWDER CLUB

After devoting one season to the production of one-act plays, The Puff & Powder Club is laying plans for another venture into the field of Musical Comedy. Negotiations have been under way for some time, and, although nothing definite concerning plans can be given out to our readers at this time, it is highly probable that there will be a vehicle such as that of two years ago on the road this Xmas. Try-outs have been held, more will be held, and every man in college is urged to take part in one of these trials.

Jim Boyd, '24 is now attending Boston Tech. He stopped a few days on the Hill on his way home from Europe where he spent the summer.

THREE NEW PROFESSORS ADDED TO FACULTY

All Well Known In Their Fields

Three departments of instruction have added new professors to their staves: The department of Classical Language, Dr. Robert S. Radford; the department of Romance Languages Mr. W. Ray Ashford; the department of Chemistry, Dr. W. H. Coolidge. These professors fill the vacancies left by the late Dr. Newhall, Professor Ramirez, and Professor Snow, respectively.

Dr. Bradford received the degree of Ph. B. in 1889 from the University of Virginia, at the completion of his undergraduate work. In 1892 he received an M. A. degree and in 1895 was made Doctor of Philosophy by the same institution. The next several years he spent in research work in the University of Berlin.

From 1888 until 1892 Dr. Radford was instructor in Latin and Greek at the University of Virginia. In 1896 and 1897 he was instructor in Latin at Northwestern University. He was Professor of Latin at Elmira College from 1901 to 1908. Since that time

FIRST ASSEMBLY OCCUPIED WITH ROUTINE BUSINESS

Letters Announced

On Monday evening, October 6th, the first meeting of the Kenyon Assembly was held in Philo Hall. Although there were very few matters of importance brought up, the meeting was very well attended and was full of enthusiasm.

The minutes of the June Assembly were read and accepted.

Mr. Dowell, the Secretary of the Executive Committee, read the minutes of its meetings this fall. In these he announced that Tennis letters had been awarded to Captain Hale Sturges, Marshall Terry, David Wright, John Thorne, Robert Pfeiffer, and a manager's "K" to George Benolken. Track letters were awarded to Captain Edward Rybak, George Brown, John Reed, Donald Gassman, Richard Lyman, and John Furniss. Baseball let-

KENYON BEATS MUSKINGUM 10-0

Score Twice But Make Only Two First Downs—No Out Standing Stars

Kenyon defeated Muskingum at New Concord on October 11th by a ten to nothing score in a game that featured the stellar playing of every member of the Purple eleven. There were no outstanding stars, every man did his best and all figured in brilliant plays. The team seemed so much improved over the week before that another game with Case would undoubtedly result in a victory.

The scoring was all done in the second half of the game. In the third quarter Peters placed a neatly executed drop kick between the bars for the first three points. In the final period Worley sneaked the ball over for the only touchdown and Peters kicked the goal.

First Period

The first quarter was marked with fumbling on the part of both teams. Kenyon could not seem to get successful plays under way and appeared very slow in executing them. Muskingum outplayed the Purple, their delayed and split bucks and screen plays working to perfection. They worked the ball to within the ten yard line without much difficulty. Then the Kenyon team began playing football and the Black and Magenta were held for downs. The punting and field generalship of Barton featured the quarter.

Second Period

Kenyon continued the uphill fight to check the Muskingum backs in the second quarter. The exchange of punts was about even, Peters doing some splendid kicking, as did Barton. Towards the end of the period the Kenyon eleven got into its own and outplayed the Muskingum team. Moore, and Barton, star backfield men for Muskingum were injured and their substitutes could not do as well as they. Rybak, at end, and Young at guard, received big ovations from the Kenyon supporters on several occasions when they rushed down the field to down the Muskingum safety man as he caught Peters' well placed punts. The supremacy of the Purple team was not to be denied when the period had finished.

Third Quarter

The Kenyon team started with a

**SCIENCE CLUB
ELECTS TWELVE
NEW MEMBERS**

The opening meeting of the Science Club for the ensuing year was held Thursday evening, October 2, in East Division Parlor. The action at this meeting was confined chiefly to the election of new members. Seven old members were present, though there are others in College. The following twelve men were added to their roll:

Wm. Wallace Alexander jr. '25, Walter H. Blocher, '25, Alfred Decato, '26, Joe Dickson, '25, Myron Eggleston, '26, Wm. Fronizer, '26, Lucien Layne, '25, Robert Milar, '25, Walter Rainie, '25, Charles Tuller, '25, Maynard Weller, '26, and Burdette Wood, '26.

The initiation papers from these men must be in the hands of the secretary not later than October 29th.

The Club authorized the Secretary, Mr. W. H. Rusk, to write a letter to Mr. Dalton expressing their appreciation for his magnificent gift to the college in the interest of Science.

**FRATERNITIES PLEDGE
IN LARGE NUMBERS**

Another cycle of our fraternity life has begun. The entering class of over a hundred is very promising and from this forty nine men have been pledged to fraternities. They are as follows:

Delta Kappa Epsilon

Townsend T. Brown, '27, Zanesville. Lester N. Cobb, '28, Cleveland. Richard Dougherty, '28, Waverly. William T. Hankey, Jr., '28, Cleveland.

William Hine, '28, Zanesville. John G. Mapes, '28, Cleveland. Horace E. Rice, '28, Muskegon, Mich.

Alpha Delta Phi

Thomas Cure, '28, Weston, W. Va. John Doig, '28, Glen Ellyn, Ill. Stuart Foos, '28, Springfield. Francis W. Humphreys, '28, La Grange, Ill.

John L. Martin, '28, Lancaster. Austin McLain, '28, Massillon. Augustus Ritzinger, '27, Buchannon, W. Va.

D. Morgan Smith, '28, Erie, Pa.

Psi Upsilon

Dwight F. Clark, Jr., '28, Evanston, Ill.

William Downie, III, '28, Cleveland. Winsor B. French, Jr., '28, Cleveland.

Robert Forcier, '28, Youngstown. Lionel S. J. Hetherington, '28, Cincinnati.

Daniel William Johnson, '28, Kenton.

Charles T. Magee, '28, Bucyrus. Richard Palmer, '28, Cincinnati.

Beta Theta Pi

Thomas R. Bissell, '28, Massillon. Richard Derry, '28, Erie, Pa.

Barton Dempsey, '28, Toledo. Stephen Lines, '28, Canton.

John C. Ruhterford, '28, Akron. Edward H. Stanton, '28, Detroit, Mich.

Delta-Tau-Delta

John E. Carroll, '28, Bedford. Frank J. Hovorka, '28, Lakewood. Virgil G. Muir, '28, Fostoria. Theodore Packard, '28, Springfield, Mass.

George Pflueger, '28, Akron. James West, '28, Toledo. Albert Williams, '28, Monroeville. Joseph G. Wood, '28, Cleveland. James A. Ulmer, '27, Bucyrus.

Sigma Pi

Howard Comstock, '28, Kankakee, Ill.

William Cotts, '26, Wheeling, W. Va.

Gordon Elrick, '28, Evanston, Ill. Paul Tate, '28, Memphis, Tenn.

Harold Thebaud, '28, Grand Rapids, Mich.

William Shanks, '28, Cleveland. Harry H. Stewart, '28, Pittsburgh, Pa.

Clifford Kraemer, '28, Toledo.

Zeta Alpha

John Q. Martin, '28, Cincinnati. Ervan O. Puffenberger, '28, Fostoria.

Firth W. Smith, '28, East Liverpool. Kenneth G. T. Stanley, '28, East Liverpool.

FALL DANCE TO BE GREAT**Says Committee Chairman**

On the 7th and 8th of next month there comes an event which will make that little affair at Nimes Stadium this summer look like a field-meet between Bangs and Gambier. There will be a beautiful moon, beautiful girls, beautiful music,—but what's the use. After a wonderful summer everyone must attend this dance. If one does not he'll either go crazy or shoot himself.

There are just two or three things to remember in order to make this the most successful party we have ever had. One is that there must be no dearth of girls. Every Sophomore and upperclassman must impress this upon the minds of the freshmen. Another thing is that drunkenness will not be tolerated by the Committee. This is only mentioned because we feel that the Kenyon man of today is a gentleman, and a mention is all that is needed.

The committee is in touch with several good bands and it seems likely that the Lang-McKay Orchestra, now of Cincinnati, will be secured. It is vouched for by many people and we believe it will satisfy.

Let's all get together and put this one over. It's the only party of the fall and has the reputation of being a good one. Forget that only the room-mate or the brother is going and remember that it is a Kenyon Dance which should be loyally supported by everyone.

CUPID BUSY AMONG YOUNG ALUMNI

Friends of Dave Arndt, Ex. '24, will be interested to know of the announcement of his engagement to Miss Eleanor B. Palmer of New York City. Mrs. Amy Burnham Palmer announced the engagement of her daughter on September 6th, at Portland, Maine. We congratulate Dave on his early start. All he has to do now is make a living.

The marriage of Miss Dorothy Isaac and Mr. Merrick B. McCafferty ('24) of Portsmouth, was solemnized at high noon Saturday, Sept. 6th, at the home of the bride's mother, Mrs. E. M. Isaac 1090 Fair Avenue, Columbus, Ohio, by The Reverend Horace W. Wood, Chaplin of Kenyon. Twenty-two intimates of the bride and groom were the only guests.

Mr. and Mrs. McCafferty motored East for their honeymoon and are now at home in Portsmouth at 1810 Grant Street. The bride is an alumna of the University of Virginia.

THREE NEW PROFESSORS

(Continued from page 1)

he has been at the University of Tennessee as Professor of Latin and Classical Archaeology.

Dr. Radford is a scholar eminently known both in this country and on the Continent. He is a member of the Phi Beta Kappa society and his name may be found on the famous roll of "Who's Who."

The department of Chemistry is exceptionally fortunate in securing the services of Dr. Coolidge. Dr. Coolidge graduated from Kenyon in 1912 with a Ph. B. degree. He has since become widely known and much admired by the alumni and undergraduates of his Alma Mater. He took graduate work at Johns Hopkins University where the degree of Ph. D. was conferred upon him in 1915. Since that time he has been Professor of Chemistry at Center College, Danville, Kentucky. It is an interesting coincidence that he and Dr. Weida, who recently resigned from the faculty of Kenyon, merely changed places, as Dr. Weida is now Professor of Chemistry there.

Dr. Coolidge is a member of Phi Beta Kappa.

Mr. Ashford graduated from the undergraduate school at Harvard in 1915 with an A. B. degree. From that time until 1918 he was instructor in Romance Languages at Throop College, Pasadena, California. During the succeeding four years he was attached to the U. S. Legation at Lisbon, Athens, and Belgrade, respectively. Since 1922 Mr. Ashford has been the head of the Modern Language department at the State Teachers College, Kirksville, Missouri.

OCTOBER 20, 1924

BARKER NEWHALL

Profound regret was felt by all Kenyon men when they learned of the death of Professor Newhall. He had suffered a nervous collapse last winter, and finding that a sojourn in Florida did not bring relief, he sought expert advice and treatment in Baltimore, where he died at the Johns Hopkins Hospital on July 28.

For twenty-seven years Professor Newhall filled the chair of Greek at Kenyon, and for many years had been Registrar. One of his favorite courses of instruction was Greek Art, a historical and critical survey of Ancient Art as a basis of study of modern developments in the Renaissance.

Barker Newhall was born June 20, 1867, at Lynn, Mass. He attended the Friends School, Providence, and Haverford College, where he took the degrees of A. B. and A. M. He then entered the Graduate School at Johns Hopkins, where under the stimulating teaching of Gildersleeve, he became Fellow, and graduated Ph. D. He studied in the Universities of Berlin, Munich, and the American School at Athens. He was a contributor to Tsountas's "Mycenaean Age," and presented papers before the American Philological Association. His published books were editions of Plato's *Charmides*, *Laches*, and *Lysis*.

Professor Newhall's character is well illustrated by this short sketch of his scholarly training and accomplish-

ment. True to his ideals of Hellenic culture, he was impatient of intemperance or extravagance of speech or conduct. Restraint, moderation, and indeed actual renunciation in his later years, of recreation marked his loyal service for Kenyon College. He was an earnest Church man; no good cause found him unwilling to help. So unobtrusive were his professional labors that only after his death do we begin to realize their influence.

When Professor Newhall elected Greek for his life work, Hellenic studies were a major subject in our best colleges. That cannot be said today. What the study of Greek has done in the past for both instructor and student is a matter of record; and that record is undebatable. What the present and future have in store for those who do not learn to bend the bow of Ulysses is, unfortunately, highly debatable. The plain fact is that nothing takes the place of Greek, however ingenuity may propose equivalents. And there are fewer men to take the place of those who competently professed a knowledge of it. Professor Newhall's death must inspire us with the hope that no part of the heritage of his great subject will lapse, or be lost, to Kenyon College.

Men who were at Kenyon last year will recall, no doubt, that the issue that caused more enthusiasm on the campus than anything else all year, was the question of 8:45 Chapel. The most enthusiastic Assembly meeting held in years was made so by the consideration of this important question.

A resolution was passed at this meeting, amid an unprecedented uproar of shout and song, to petition the Faculty to make certain changes in the program of our daily life. This petition we are told met with great favor in many sections of the Faculty and was voted down by only a slight majority. The main objection offered, and the ground on which the unfavorable decision was rendered, we are informed, was that such a plan, if carried out, would put us in a way to form the habit of sleeping late—a habit that does not fit in with modern commercial schedules. It was to encourage us to acquire the habit of early rising, so necessary when we get out of College, that the Faculty deemed it wise to have the present schedule obtain.

Because of the fact that the plan almost became effective, due to the close vote of the Faculty, the COLLEGIAN is encouraged to inaugurate it again this year. We feel that some of the Faculty, at least, may have changed their opinion after having given the matter more thorough consideration, and would now be in favor of the change. As for the objection mentioned above, it should not be forgotten that none of the habits of living formed in College can obtain in after

life. Conditions are entirely different and any schedule to which one is used must be altered, no matter how attached one may be to it. The habit of sleeping until eight o'clock will speedily be supplanted by a more rigorous program.

The COLLEGIAN, therefore, offers the following schedule for the consideration of the Faculty, Alumni, and students:

Breakfast	8:15-8:40
Chapel	8:45-9:00
Morning Classes	9:00-1:00 P. M.
Lunch	1:20-1:40
Afternoon Classes	2:00-4:00
Dinner	6:30-7:00

We propose that this schedule should take effect at the resumption of classes after the Thanksgiving recess and should endure until Easter.

We hope, by this article, to cause comment on the subject and will attempt to refute in the next issue all arguments against the plan that have come to our attention.

SOPHS SHOW GOOD JUDGMENT IN CHOOSING LEADERS

Having listened to the recent outbursts of oratory and diatribe which have been so much in evidence the past weeks, we agree that the Sophomores showed rare good judgment in electing Jack Miller president of the class.

Further, we are sure that in case of Jack's absence, Harry Greer, as vice-president, will give '28 "the business" in as convincing a manner.

Other officers elected were: Bob Arndt, secretary, and Dick Marsh, treasurer.

FOOTBALL SCHEDULE 1924

Oct. 4 Case at Gambier.
Oct. 11 Muskingum at New Concord.
Oct. 18 Capitol at Gambier.
Oct. 24 Ohio U. at Athens.
Nov. 1 Mt. Union at Alliance.
Nov. 8 St. Xavier at Cincinnati.
Nov. 15 Western Reserve at Cleveland.
Nov. 22 Baldwin Wallace at Gambier.

Week-ends!

The faculty c'en takes it ill
That we should want to leave the hill
To see Columbus; 'tis enough
For us, they think, to spend our skill
In "tramping," tramping on the hill.

"Look here," one says, "this awful stuff
Of missing chapel for the il-
Legitimate pursuit of rough
And uncouth pleasures off the hill
Should cease! Why there are not
enough
Of students here week-ends to fill
One little room! Alumni, bluff
And hearty, find no souls to thrill
With stirring tales of 'old days' stuff!
This doesn't pay; stay on the hill!"

FURTIVE PEEPS FROM THE CYCLONE CELLAR

Tokens of the Times

Plans are rapidly materializing, under the direction of a committee chosen from the student body, The Inter-Church Conference of Mt. Vernon, and the College Faculty, for a rousing taffy-pull during the week-end of the Fall dance. It is thought by those back of the movement that a rollicking time is in store for all who attend. When interviewed in the matter, a prominent student remarked, "I have never indulged, myself but I cannot see where any stigma could become involved. The plan will meet with the approval of the Senior Council. And anyway," he added, chuckling, "I understand that it is all in fun."

* * * * *

A recent dispatch from James M. Barry advises us that he is already at work upon a preface for the second volume by Daisy (Fauncy) Ashford. We recommend the volume, which is rapidly nearing completion, as clean, wholesome reading for the adolescent.

* * * * *

A walking delegate from the Barber's Union has been seen about the Hill endeavoring to organize the Sophomore Class.

* * * * *

Picture, if you can, the dismay of the student who has enrolled in Greek 11 under the assumption that the course was to be conducted in English!

* * * * *

Dr. Johnson plans an early excursion of the Physics classes, the object being to examine the new refrigerating plant at the foot of the Hill.

* * * * *

Anyone not satisfied with the new heating plant should advertise it for sale before it has been used.

* * * * *

We understand that it was tried out during the summer and warmed things up in great shape.

* * * * *

The items of "heat" and "light" should be grouped together on our term bills as the only heat generated in our rooms comes from the snug little bulbs.

* * * * *

As we motor through the country we see smoke belching from chimneys. Thesefortunates are probably warm.

* * * * *

One must either be a natural mechanical genius or have passed Physics I and II in order to take a satisfactory shower bath in Leonard Hall.

Charles C. Jordon, '18 was married this summer, September 26, to Miss Helen McCook. Both Mr. and Mrs. Jordon were formerly of Steubenville, Ohio. Mr. Johnson is now connected with the Farmers' Loan and Trust Company of New York, where the bride and groom will make their home.

KENYON LOSES FIRST GAME OF SEASON

Case 6—Kenyon 0

Kenyon was defeated by Case at Gambier on Saturday by a six to nothing count in a thrilling contest that was watched by one of the largest crowds of home-comers and spectators ever gathered on Benson Field. It wasn't exactly Case that defeated the Purple eleven; it was Captain Billy Gribben of the Clevelanders. Gribben did practically everything that it was possible for a football player to do, and without his services his team would have been beaten.

It was the plucky pilot of the scientists that ran through the entire Kenyon team for fifty yards early in the second period to put the pigskin in scoring radius. A Kenyon tackler managed to down him on the twenty-yard line but that mattered little. On the next play Gribben tossed a beautiful pass to Van Horn, who was downed about six inches from the goal line. Then the captain was given the ball and he had little difficulty penetrating the Purple line for the only marker of the game. The only thing he didn't do during the entire game was to boot the remaining goal.

Gribben was the whole show. Other performers who did creditably were Dickson, a tackle for the Kenyon team; Peters in the Gambier backfield; Doll at right end for Case; Worley at quarter for the Purple; and Captain Hovorka, always one of Kenyon's most promising linesmen.

At the start of the game the supremacy of Kenyon seemed assured. Right off the initial kick-off Peters and Worley scored neat gains that gave the locals two first downs. Then the Case line bolstered and Peters was forced to punt. Then came the few minutes in the second period when Case scored. With the exception of these two spurts the contest was as even as one could possibly be. The game was essentially a punting duel. Peters got more distance than Gribben in the exchange of kicks, but Gribben had the uncanny way of punting out of bounds, and thereby not giving the Purple men an opportunity of running back the punts. Both teams looked good and there is no stigma connected with the defeat, as Case will probably be one of the strongest contenders for the Conference Cup.

Line up and summary:

Beacons of the sky

Between Cleveland and Rock Springs, Wyo., along the night route of the air mail service, tall beacons have been placed every twenty-five miles.

This achievement has been made possible by engineers of the Illuminating Engineering Laboratories of the General Electric Company, working with officials of the Post Office Department. A startling achievement now will be a commonplace of life in the new America which you will inherit.

If you are interested to learn more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

Revolving on great steel towers, General Electric searchlights, totaling 1,992,000,000 candle-power, blaze a path of light for the airplane pilot.

What the lighthouse is to the ocean navigator, these beacons are to the conquerors of the air.

FROSH EASY MEAT FOR VARSITY

The varsity had things easy in their annual struggle with the freshmen and ineligibles at Benson Field on Saturday, Sept. 27, the final count being 35 to 0. Scoring at ease in every period the outcome of the game was never in doubt.

The score should have been larger. Several times the varsity, within easy scoring distance of the goal line, surrendered the ball to the youthful opponents. Fumbles were frequent, on both sides, and clever football was not to be seen. But it was the first

time that either eleven had been really "under fire."

The frosh received a set-back when their captain, Stewart, dislocated his elbow. Kraemer, another new man, was also injured. The varsity men survived without serious mishap.

Substitutions for the varsity were frequent and every candidate was used against the yearlings.

This year's varsity victory caused season's hopes to rise. It has been the rule that the freshmen defeat their older opponents at every meeting. The decisive victory of the varsity proves the calibre of that aggregation and a successful season is eagerly looked forward to by Kenyon backers.

MRS NEWHALL ASSISTANT LIBRARIAN

By recent appointment Mrs. Newhall has been made assistant Librarian of the College to fill the vacancy left by Mrs. Weida. Mrs. Newhall on several occasions has acted as Assistant Librarian during the past year. Her assistance has been greatly appreciated by the student body, and it is very gratifying to know that she will be with us again this year.

Charles Magee, '01, was here during the first few days of school.

KENYON POLITICAL CLUBS

The wide-spread interest in College Political Clubs has permeated even the conservative confines of Kenyon. Three clubs have been recently organized.

On Wednesday, October 11th, the Democratic Club was organized for the purpose of arousing interest among the Democrats in College in the coming presidential election. The men responsible for the founding of this club are W. E. Cless, Jr., C. Messolonghites, W. H. Rusk, T. C. Diller, J. E. Betts, D. J. Gassman, D. M. Braddock and C. C. Morfit, Jr. The officers of the club are T. C. Diller, Chairman; W. H. Rusk, Vice-Chairman; and J. E. Betts, Secretary-Treasurer. Although a large number of men have joined this organization since this time, it has been impossible to secure the list in time for publication.

The Democratic Club is now thoroughly established and activity has begun. The members hope to have several prominent speakers address them and other College students in the near future.

At the first meeting of the Republican Club the following officers were elected: Permanent Chairman, Mr. Lewis; Vice-Chairman, Mr. Slate; Secretary-Treasurer, Mr. Forker.

Although the club is a new venture it is already showing signs of becoming a lasting and prosperous institution. The men in the organization believe entirely in the principles of the party and are doing everything in their power to promote its interests. The Republican Club is progressing better than its most optimistic friends ever dared to hope.

The local Progressives organized under the name of the "Kenyon La Follette Club." Their first meeting was held in the Library on Thursday the ninth. They elected the following officers: Mr. C. C. Overmeyer, President, Harold H. Cox, Vice-President, Wm. Myll, Secretary, and Grant Peterson Treasurer. They adopted the slogan "Ohio for La Follette."

They have arranged for a speaker for the evening of October 23.

ALUMNI NOTES

Harvey Lorenz, '24 has the Buick agency in Grove City, Pa. He had such a successful summer that he was able to come back to the Hill for the opening of College.

Lane Barton, '22, Bexley, '24, was married this summer to Miss Poly Simpson, one of the teachers at Harcourt last year. The service was performed by Frank Sant, '20, Bexley, '24. Lane is now rector of St. Marks parish at Shelby, while Frank is keeping up the "Old time religion" at Delaware, Ohio.

Dave Cable, '21 was married this fall and spent most of his honeymoon on the Hill.

LORD KENYON AND THE CENTENNIAL

During the Centennial celebration last June, the over-worked question was, "What do you think of Lord Kenyon?" Below we are printing the impressions of Donald C. Dougherty, manager of the publicity campaign for the Centennial. The following excerpts are from his magazinette entitled:

"DOUGHERTY'S MAGAZINE"

Published Occasionally, by
Donald C. Dougherty"
KENYON

Tallest man in the College Park, smoking cigars of a length proportional to his height but wearing a Panama hat that would have been more becoming to a man of much shorter stature.

The habit of speaking with arms akimbo, revealing a nickle plated chain upon which hung a six-inch jack-knife.

Fraternalizing with undergraduates and with men who count their fortunes in millions. Accommodating affable—and completely dispelling the illusion that our English cousins are without a sense of humor.

That is an impression of the Rt. Hon. Lord Lloyd Tyrrel-Kenyon at the Kenyon College Centennial. He is the pro-chancellor of the University of Wales, the great grandson of the Lord Kenyon whose friendship for Bishop Philander Chase, founder of Kenyon College, in 1824, caused the bishop to name his frontier Ohio institution Kenyon.

"It's dogging it that does it," "the truth against the world," and "never take a step backward" were three maxims of conduct which Lord Kenyon offered for the consideration of his American audience Centennial Day in a moment of relaxation after his strong plea for "a union of hearts and a union of talents" by English-speaking nations. The maxims, he said, were those which have guided his own life.

THE CENTENNIAL

The Kenyon Centennial served to tell such Ohioans and citizens of other commonwealths as did not know it before what a great little institution stands on Gambier Hill—distinctive as to its founding, its traditions, its ideals, and its architecture. The Centennial story in words and pictures carried the length and breadth of the land and it brought congratulatory cables from such remote points as Simla, India, and Tokyo, Japan.

As long as live the men and women who attended the celebration their memories will hold pictures of impressive dedications, of a beautiful pageant in a woodland setting, of interesting utterances from distinguished men, and of alumni representing classes from 1854 to 1924, returned from great distances to honor their Alma Mater. And they will remember music: lovely symphonies floating through the majestic trees by night,

the songs of fraternities as they are sung by no other American college, brass bands playing, choirs chanting Episcopal rituals, a glee club singing rollicking melodies, and as the celebration faded out, the modern moaning of saxophones and the banging and braying of traps at an undergraduate hop.

1926 REVEILLE BOARD HAS ABLE EXECUTIVES

Student Support of Reveille Poor

At a meeting of the class of '26 last June, the men were chosen who are to compile the 1926 Reveille. The results of the election were as follows: Editor—Daniel C. Sanborn, Kankakee, Ill.

Business Manager—Hiram J. Hitchcock, Washington Court House, O.
Advertising Manager—George E. Dickinson, Ashtabula, Ohio.

BOARD OF EDITORS

Daniel M. Braddock, Little Rock, Arkansas.
Elwood P. Lawrence, Detroit, Michigan.
John F. Furniss, Lancaster, Ohio.
Maynard C. Weller, Cuyahoga Falls, Ohio.
George T. Trumbull, Detroit, Michigan.
Richard B. Lyman, Akron, Ohio.

The Reveille is not, as might be supposed, a college publication, but is a venture undertaken solely by the successive Junior classes in order that the events of the year, social, scholastic and athletic, may be recorded in some permanent form. Such a task, to be worthy of the college it represents, naturally entails a vast amount of labor and expense. The Junior class can in no way look to the College authorities for aid; the cost of publishing an annual must be born by the class.

Junior classes of the past have been moderately successful from a financial point of view in the publication of the Reveille; but last year only eighty-six copies of the annual were sold to members of the college. It means that the class of '25 begins its Senior year under the handicap of a heavy debt; it means that some Kenyon men are not loyal to Kenyon institutions.

KENYON BEATS MUSKINGUM 10-0

(Continued from page 1)

rush and completely outplayed the New Concord team. Injuries to Muskingum men were frequent and the Purple eleven benefited by the substitutions of new men. An exchange of punts, favoring Kenyon, a recovered fumble and an intercepted pass by Rowe, followed by a neat thirty yard dash, put the ball in Muskingum territory. Line plunges failed to give yards, so Peters attempted a drop kick from the thirty-five yard line which was successful. Several forward passes were grounded

by the Purple ends and backfield. Muskingum's only substantial gain came when Moore made fifteen yards through the line. Peters outpunted Barton consistently and a Kenyon victory seemed assured.

Fourth Quarter

Peters attempted another drop kick from the forty-five yard line, but the ball fell short of the goal posts by a scant few inches. Muskingum opened a dazzling aerial attack which threatened the score for a time, but which was checked by the alert Kenyon ends and backfield men. Worley intercepted one of their passes and got away for a neat thirty yard gain to the fifteen yard line. Three attempts to score a first down failed, then Rowe plunged through the line for first down on the two yard mark, but couldn't make the goal on the next play. Worley's quarter-back sneak was successful and the touchdown was scored. Peters kicked the goal, bringing the total to ten to nothing.

Kenyon kicked to Muskingum. Several unsuccessful passes were attempted in a last minute try to score, and the whistle blew with Kenyon in possession of the ball after Barton had punted on fourth down.

No Outstanding Stars

Kenyon had no spectacular stars. Every member of the team played a splendid game after the first period had been completed. Captain Hovorka and his side of the line looked especially strong, while the right wing also did fine work. Norris at center broke through the Muskingum line time after time to nail the backs for losses. Peters' punting and running was without reproach, and the general field work of Worley also excellent. Rowe and Dickinson made substantial gains and played a fine defensive game. Mulvey, substituted for Dickinson when the latter was injured in the second period, played his position in fine fashion. In fact, there wasn't a man on the team who didn't do a great piece of work. The game showed the Kenyon team playing exceptional ball as a team and not as a group of individuals.

Moore and Barton were the mainstays of the Muskingum team and their injury was a severe blow to their team, although both finished the game in fine fashion. The Muskingum center, Cox, looked the best of the linemen.

One peculiar thing about the contest was Kenyon's making but two first downs. However, first downs are not always necessary. The Purple men were wide awake; they recovered Muskingum's fumbles, ran back punts, kept their opponents from gaining, intercepted and grounded enemy passes, and were down on punts in a hurry. They played the ball, kept their eyes opened and played not their own game, but also that of Muskingum's. So first downs were not really needed.

NEW SCIENCE HALL TO BE ONE OF BEST IN COUNTRY

Gift of Mr. H. G. Dalton

Last June, during the Centennial celebration, Henry G. Dalton, one of the trustees of the college, promised to provide the necessary funds for the construction of a much needed science building for Kenyon. Mr. Dalton, an admirer and business associate of Samuel G. Mather, loyal trustee and benefactor of the college, has requested that the new structure be called the "Mather Hall of Science."

Abram Garfield and Son, the firm of architects who designed the recently completed Leonard Hall, are at the present time inspecting laboratories at leading colleges and universities throughout the country with the idea of combining their best features into one of the finest science halls in the country. Final plans will be presented within two months and bids will be received from the contractors.

The new building will probably consist of four stories. The main and second floors will be given over to the department of physics, the third for chemistry, and the top floor, which will be well lighted by numerous skylights, will be devoted to biology. It is proposed to locate Mather Hall directly between the gymnasium and Hanna Hall.

If all goes well, ground will be broken in the spring as soon as the weather permits. The laboratory equipment will all be moved and the building will be open for occupancy in the fall of 1926. With the addition of a two-hundred-thousand dollar science hall Kenyon will be one of the best equipped small colleges in the country. Kenyon is fortunate in having such a friend as Mr. Dalton and classes in the years to come will have cause to be grateful for all the help he has given us.

WIPER WELL ASSISTED

Coach Wiper has two able assistants on the gridiron this fall: Assistant Coaches Love and Hamilton.

"Lovie" is well known to most Kenyon men, as well as many others, as the successful coach of our basketball teams for the past two years. While waiting for his sport to come in season he helps Wiper "give 'em the business" on the football field.

Hamilton hails from Ohio State, Class of '24. He played substitute center on the Ohio State varsity and learned under Coach Wilce all the tricks needed by linemen. He is aiding materially here by his efficient instruction of the line.

Howard L. Hamilton is well known in Columbus and occupied an enviable position on the campus of Ohio State. He was president of the Student Council last year and engaged in other campus activities that gave him a position of prominence. We take pleasure in welcoming him here and wish him success.

Nine of the Kenyon Alumni living in Los Angeles held a banquet August 22.

The Chaplin filled the pulpit of the Lancaster, Ohio, Episcopal church on Sunday, October 11. Lancaster has a large number of Kenyon supporters.

FIRST ASSEMBLY

(Continued from page 1)

ters were given to Captain Lawrence Russell, Patrick Mulvey, Burton Lewis, Emerson Messinger, Gale Evans, Bud Evans, Wallace Alexander, Byron Gibbs, Robert Pfleger, and a manager's "K" to Charles Greaves.

Mr. Milar resigned from the Executive Committee and was elected to represent the Second Constitutional Division on the Senior Council. Mr. David Wright was elected to fill Mr. Milar's place on the Executive Committee. Mr. Trinkner was elected to serve on the executive Committee as the representative of the Eighth Constitutional Division.

The secretary read the proposed amendment to the constitution which had been laid on the table at the previous meeting. This provided for certain minor changes in the awarding of letters. After a brief discussion, the amendment was adopted.

Mr. Milar then spoke of the fact that several books had been taken

form under the trees in front of Ascension Hall, and reminded the men that such actions could not be tolerated.

Mr. Wade made a few terse, but pointed, remarks in regard to the conduct of the Freshmen, the management of the Freshmen by the Sophomores, and the singing at the Commons.

The secretary then read a letter from the Mayor of Mt. Vernon in regard to the new traffic ordinances of his city. The letter was highly interesting, and was received with great enthusiasm by the student body.

Mr. Sutherland moved that the letter be received and filed. The motion was seconded and carried amid great applause.
